# Introduction

The University of Alaska Fairbanks, the nation's northernmost Land-Grant university and international research center, advances and disseminates knowledge through teaching, research and public service with an emphasis on Alaska, the circumpolar North and their diverse peoples. UAF—America's arctic university promotes academic excellence, student success, and lifelong learning.

UAF is a public research university located in Fairbanks, Alaska. UAF was established in 1961, and is a member of the State University System of Alaska. UAF is a public research university located in Fairbanks, Alaska. UAF was established in 1961, and is a member of the State University System of Alaska. UAF is a public research university located in Fairbanks, Alaska. UAF was established in 1961, and is a member of the State University System of Alaska.
